Secretary Bryan Arrived in
Sacramento; Augments Anti-
Alien Ferment

**BRYAN SAYS IS HERE TO
CONFER, NOT TO DIRECT**

Secret Conference Begun With
Legislators; Interest is at
Fever Heat

SACRAMENTO, April 28.—Secretary of State Bryan arrived here at 6 o'clock this morning and was met by Governor Johnson and taken to the governor's mansion for breakfast. A handful of legislators including Democratic leaders were on hand to meet the train. A large crowd was at the station, including scores of Japanese. The secretary arrived just while scores of Japanese hucksters were bringing their truck to market, and several times the automobile conveying the secretary was compelled to halt owing to congestion caused by these wagons. Gov. Johnson said he will take Bryan through the Oriental quarter here and give him first hand ideas.

Secretary Bryan appeared particularly concerned as to a black bag that he carried, refusing to relinquish it to attendants. It is believed the bag contained important state documents which could not be entrusted to the mercy of mails and wires. During the Roosevelt and Taft administrations the California legislators asked for copies of treaty obligations with Japan. These were refused. Secretary Bryan is believed to have brought these with resulting correspondence. At the executive mansion Mr. Bryan was presented with a bouquet of roses by Evelyn Wiegner, aged 5 years. Attached to the roses was a note that read: "To William Jennings Bryan from a little daughter of the golden west."

Following his first conference at the capitol with Governor Johnson and political leaders, Secretary Bryan issued a guarded statement, saying: "I am here to confer, not in any sense to direct in the pending matter. My pleasure will be that of the legislature. I can not say whether the conference on anti-alien legislation will be open or executive. I have come at the request of President Wilson to look after the international phase of the situation. No plans of procedure have yet been decided upon. I will address the legislature if such be the desire. My visit is in no wise limited. I will stay until the matter is settled."

The populace here is excited over the anti-alien status to a greater extent than for years. The corridors of the capitol buzzed with excited talk, and society women and farmers brushed sleeves on the capitol grounds. Japanese were sprinkled among the crowd. Scores of farmers from the Sacramento and San Joaquin valleys are present. The crowd about the railroad station in the morning was remarkable for the fact that there were absolutely no cheers when Bryan appeared. Business appeared to be the tacit keynote everywhere.

At 12:45 o'clock, after an hour and a half of conference, the doors were still locked on Secretary Bryan and the legislators. It seemed likely that the conference would last until late today. No word of what has transpired has leaked from the chamber. At 1:30, the conference had lasted two hours. Grant, the San Francisco senator, was the only man leaving the chamber since the conference started. He merely telephoned, then hurried back. It is believed the manner of handling the matter in the legislature is the question under discussion and that no final action will be taken during the executive session.

The first conference of today was informal and was attended by Secretary Bryan, Governor Johnson, Lieut. Gov. Wallace and Speaker Young. After this meeting Bryan issued an informal statement stating that the object of the visit was to consult with the legislators, not to direct. It was then announced that Bryan would meet the legislators in a joint executive session in the assembly chamber at 11 o'clock.

PLANTING BEANS ON THE SAN JOAQUIN

Size of Crop Depends Upon
Kind of Summer Weather
is Experienced

AT PRESENT LAND IN GOOD CONDITION

Moisture in Ground Will Germinate Seed—Biggest Field in the World

The planting of lima beans on the great San Joaquin ranch has commenced, and this week will find the ranchers all over the ranch under full swing putting in seed for the crop. On the San Joaquin there will be about 17,000 acres planted to lima beans, and about 4,000 to blackeyes.

The ground is in good condition at this time, and the prospects for a crop are good, so far as present conditions are concerned. The size of the crop will depend entirely upon the summer weather. The bean growers want lots of cool weather and plenty of foggy mornings. Spells of hot, dry weather will cut down the output considerably, just how much depends on the amount of hot, dry weather. Last year two or three hot days came about the time the beans were forming in the pod, and the crop was cut short. A similar condition might occur this year, and again the summer weather might be such that the crop will turn out fairly good.

Reports from some of the ranchers indicate that there is moisture enough in the ground to germinate the seed, and it is believed that a good stand will result. Ventura county reports indicate that there will be a good crop there, but as here a good deal depends upon the summer weather.

The bulk of the Orange county crop is grown on the San Joaquin ranch on lands leased from the Irvine company, making the biggest lima bean field on one holding in the world. However, beans are grown all over the county. Several hundred acres around Smetzer and Wintersburg are being planted. In those damp lands the yield is always heavy.

MUNICIPAL OWNED ROAD IS SUCCESS

San Francisco's Street Railway
Has Paid From Start of
Four Months' Existence

SAN FRANCISCO, April 28.—San Francisco's municipally owned and operated street railway, which runs on Geary street—the first railway of its kind in the United States—completed its fourth month today. The city's venture with the line was a success from the very start. Beginning December 28, it took in \$748 the first day for its owner—San Francisco. This was approximately \$200 over its operating expenses and the interest on the bonds for its construction. It has steadily averaged \$100 daily in net earnings since that time. The statement of the superintendent, issued today, shows that during the first three days the road took in \$3,300.60. In January it took in \$17,435.65; in February, \$18,619.90. The March and April figures were not available today. A recapitulation shows the total receipts up to March 1 to have been \$39,385.85, the total expenses \$21,435.11, and the total net profits, \$17,950.74.

Eighteen cars are being operated on the road at the present time. Twenty-five more cars will be added as soon as the line is continued down Market street to the suburban ferry building. All of these cars are to be constructed in San Francisco. Thirty-six motormen and conductors are employed at present. There is a barn force of seven and an executive force of six. It is planned to start at once on the extension of the line from the foot of Market street, the city's main business artery, to what will be the very heart of the Panama-Pacific exposition. Thus the line will be made to cut practically across the city. The cost of the running expenses of the road for a day is approximately \$450. The interest on the bonds for the roads construction brings this up to a total of \$550 per day.

GEORGE H. BIXBY SURRENDERS HIMSELF

Long Beach Millionaire Puts in
Appearance; Runs Gauntlet

OSCAR LAWLER THREATENS TO STRIKE PHOTOGRAPHER

Date Fixed for Evidence; Ford
Says White Slave Watched
by U. S. Will be Thorough

LOS ANGELES, April 28.—A few minutes prior to the resumption of the grand jury probe of white slavery alleged to exist in Los Angeles, George H. Bixby, the Long Beach millionaire who disappeared a week ago, appeared at the courthouse with his attorneys, ready to testify. He ran the gauntlet of reporters and photographers. Oscar Lawler, his attorney, endeavored to strike one of the photographers during their progress. The corridor was filled with witnesses waiting to testify before the grand jury.

After Bixby had waited throughout the morning it was announced that he would not be called to testify until tomorrow. Assistant District Attorney Ford, in charge of the investigation, said:

"This probe is just starting. It is going to the bottom no matter who is concerned. The nation is watching us. We will try to remedy the evil at the beginning."

Ford declared the belief that the legislature should enact a law making degeneracy a felony. After reporting to the grand jury Bixby voluntarily gave himself up to Judge Sydney Reeve, who had issued a bench warrant for his arrest when he disappeared after being subpoenaed to testify at the trial of Mrs. Josie Rosenberg, the alleged prostitute. Oscar Lawler asked for time to prepare a defense and was given until May 6th. Bixby was also ordered to appear on that date to testify at Mrs. Rosenberg's preliminary hearing. He waited throughout the morning in a private room for a summons to testify before the grand jury but he was not called.

Elizabeth Espeym, waiting for her preliminary examination on the charge of contributing to the dependency of Marie Brown Levey, aged seventeen years, was released under \$600 bail. Her preliminary hearing will be held on Wednesday.

PLASTERED WITH CACTUS

Miss Jennie McDonnell Painfully
Injured in Accident in
the Santiago

Horse Took Fright at Auto,
Overturned Buggy and Threw
Girl Into Cactus

Plastered from head to foot with cactus thorns, Miss Jennie McDonnell of Santa Ana was brought to the Santa Ana hospital yesterday evening from the Santiago canyon. The accident was a most painful one, and several hours' work was required to remove the thorns from the young woman's flesh.

Miss McDonnell was riding in a buggy with Mr. Morris near the point where Limestone canyon enters the Santiago. Their horse became frightened at an automobile and jumped from the road. A wheel struck a boulder, and the buggy was overturned. Miss McDonnell was thrown into a bed of prickly-pear, and it was with difficulty that she was extricated from her terrible position. She was taken immediately to the hospital. This morning she was taken to her home. Morris fell clear of the cactus.

VOTED 13 TO 10 AGAINST WATER COMMISSION BILL

Tri-Counties Reforestation Committee
Asks Legislators to Oppose Measure
Now Before Legislature

By a vote of 13 to 10, the Tri-Counties Reforestation Committee this morning went on record against the water Commission bill now before the state legislature. Out of thirty-seven members of the committee, twenty-three were present at the meeting, which was held at the city hall, Santa Ana.

It was a special meeting called for the purpose of considering the measure. The resolution as passed follows: "The Tri-Counties Reforestation Committee in special session at Santa Ana, Cal., on this 28th day of April, 1913, do resolve and declare that we are bitterly opposed to the passage of Assembly Bill 642, including any amendments (water commission bill so-called), and request all members of the legislature from the counties of Orange, Riverside and San Bernardino, to use every honorable means to defeat the same; and be it further resolved that a copy of this resolution be wired at once to the representatives of the above counties in the legislature."

The meeting was called to order this morning by the chairman, Francis Cattle of Riverside. He and J. P. Baumgartner of Santa Ana, members of the State Conservation Commission, where the bill had its inception, were present.

E. E. Keech of Santa Ana stated that he had been in Sacramento and that certain amendments had been made so that the bill so far as it touches irrigation deals only with surface water, and that therefore the interests of underground waters would not be affected. He said the bill had been carefully considered, and he favors it as it now stands.

A. G. Kendall, a San Bernardino county representative, introduced the resolution opposing the bill. Then came a discussion in which Keech and H. Clay Kellogg of Santa Ana, E. P. Clarke, George Frost and Francis Cattle of Riverside, spoke against Kendall's resolution, and Kendall, G.

SISSON MAKES FIERY SPEECH IN HOUSE

Says "America for Americans"
—Is With California in Anti-
Alien Fight

WASHINGTON, April 28.—The anti-alien land ownership situation in California was brought to the attention of the house today by Representative Sisson of Mississippi, who in a fiery and sustained speech should be permitted to hold land in America. "Before allowing any foreign nation to dictate our land-holding laws, we should fight," he declared.

"If I should have the alternative of war or submission to the arrogant claims of the Japanese, I would be for war," Sisson declared. What would Washington say if confronted by the same proposition? Shall the Japanese enjoy our prosperity, the fruits of our land, the learning of our institutions and be forced to defend and sustain them? Treaties should not interfere with the rights of the states. I stand with the people of California in this matter."

Sisson said the founders of the American government never dreamed of a condition where a foreign government would demand the right to control and acquire land. He asserted that if the treaty making power is greater than the rights of states then the position of aliens is superior to that of natives.

"California," he said, "has the unquestioned right to restrict the right of lease or ownership of land providing that such laws shall apply alike to all aliens. No greater misfortune could befall California or any other state, than to have the land pass into alien hands. Every foot of our territory should be preserved for American posterity. I say America for Americans. I hope we will remain friendly with Japan, but there is nothing in our treaty preventing such a law as California contemplates."

Sisson compared the Japanese problem to that existing when Lincoln opposed slavery, and said competition with the slaves was not nearly as dangerous as with foreigners. He insisted that America has the right to exclude aliens, and to "defend our principles with the last drop of blood." He spoke fifty minutes and was congratulated by several congressmen.

AUSTRIA HAS INITIATED WARFARE

Sends 10,000 Soldiers to Scutari to Wrest City from the
Montenegrins

AUSTRIAN FLEET SAILS FROM PORT OF TRIESTE

Rumored Antivari Has Already
Been Taken—King Nicholas
Resolved to Resist

BERLIN, Apr. 28.—To wrest Scutari from the Montenegrins, 10,000 Austrians are marching on the city, according to a Rome dispatch. An Austrian fleet has already sailed from Trieste.

According to rumors the Austrians have already taken Antivari and two other coast towns, and now are marching against Cetinje. These rumors are discredited but it is admitted the situation is acute. In many quarters it is expected that actual declaration of war will be made tomorrow night. King Nicholas of Montenegro is reported as determined to resist to the end.

MONTENEGRIN TROOPS MAY STRIKE FIRST BLOW IN WAR

LONDON, April 28.—Aldermen predict that the sudden departure from Scutari of Montenegrin Crown Prince Danilo with most of the Montenegrin troops means that Montenegro proposes to strike the first blow in the war with Austria. The troops have started in the general direction of Antivari, which is variously reported as occupied by the Austrians or as the objective point of the ten thousand Austrian troops now en route on the powers today are discussing Austria's note as to whether she is permitted to act to recover Scutari.

ESSAD PASHA PROCLAIMS HIM- SELF KING OF ALBANIA

PARIS, April 28.—It is reported that Essad Pasha, who declared himself King of Albania yesterday, with the consent of King Nicholas, and after notifying the governments at London, Paris and St. Petersburg in advance, is trying to induce David Pasha, in command of 16,000 men, to ally himself with the new kingdom. It is expected that the two will meet at Tirana in central Albania, which is the native hearth of Essad Pasha, and where he has many followers.

Essad Pasha, the new king of Albania, has 25,000 well armed mountaineers to sustain him and the Balkan allies feel favorable toward Essad Pasha. It is said that the king of Montenegro made a treaty with Essad Pasha before the capitulation of Scutari which enabled the latter to carry out his ambition.

The former Turkish general is descended from an old Albanian family which tried to throw off the yoke of Turkey in the eighteenth century.

Archduke Franz Ferdinand, Austrian heir to the throne, is furious because the outwitted powers cannot possibly object to a native Albanian prince.

There will be no admission charged to these matches which will be of the five-man team character.

GETS LETTER FROM NORWAY

Man in Christiania Wants to
Know About Agricultural
Possibilities Here

Another Small Hen-Egg Added
to Egg Collection at Local
Chamber

The fame of Santa Ana has reached as far as Norway! One wonders how the gospel spread! It is just possible that the glad news of this wonderful section of the United States was spread by some of the excellent literature that the local chamber sends out, or maybe some one of that country across the seas has been fortunate to have been here sometime and carried the message of this wonderful back to the old country.

Anyway the fame of Santa Ana as an agricultural section reached there, for Secretary Metzgar of the Chamber of Commerce received a letter from Ingar J. Nickelsen of Christiania asking for information about this section as regards agricultural pursuits. The text of the letter follows:

"Christiania, April 11, 1913.
"Chamber of Commerce,
Santa Ana, Cal.

"Dear Sirs: As it is the custom of the Chambers of Commerce in most California cities to give information about their districts, I beg to ask you kindly to give me some information about the agricultural opportunities around Santa Ana, if you have any illustrated booklets, etc., giving prices and other information, I should thank you very much.

"Yours truly,
"INGAR J. NICKELSEN."

Another extraordinary small egg has been presented to the local chamber of commerce, it weighing exactly one-third of an ounce. It is practically a sphere in shape and was laid by a Barred Plymouth Rock hen belonging to M. C. Cooper of Anaheim.

Several public-spirited citizens have recently presented beautiful bouquets of flowers to the exhibit rooms of the chamber of commerce, among those being W. J. Morrison, who brought in two bouquets of roses; F. S. Greenleaf, an exceptionally good bouquet of Admiral Dewey roses; A. E. Warner, R. D. 4, a sample of tall green barley, and H. H. Roper, a pretty bouquet of snow-balls.

AMUSEMENTS

Eddie Foy together with his Seven Little Foy's will be seen in this city on Tuesday, April 29, at the Grand Opera House in the bubbling musical play, "Over the River." Mr. Foy is Werba and Luescher's latest addition to their galaxy of stars. Foy in the character of Madison Parke, a well-to-do New Yorker, puts in an evening in Rustanob's Cafe with his friend, Hudson Rivers. As the restaurant keeper has no license to give theatrical performances the unducky Parke is caught among the number present and is arrested. He has the further misfortune to "sass" the magistrate with the resulting sentence of thirty days on Blackwell's Island—"over the river."

The rest of the play revolves around the efforts of Parke and Hudson Rivers to conceal the real state of affairs from Mrs. Parke. The play is typically Foyesque and the many sparkling songs and ensembles have been praised for their titling swing and unusual refreshing qualities.

GROWING INTO BIGGER PLACE

Olive Has No Small Figure to
Show as Record of Its
Progress

OLIVE, April 28.—Building operations are proceeding in this vicinity at a tremendous rate and show that the town is fast outgrowing the village class. Numerous stores and dwelling houses aggregating in cost about \$25,000 are at present in course of construction. This includes also the new German Lutheran church, which was recently dedicated.

Two one-story business blocks have just been completed on the Dominance property. One of them is occupied by a bicycle store, managed by Job Nichols of El Modena. In the other store, a blacksmith shop has been established by R. Ponta, recently from Corona.

Among the dwelling houses now being erected are those of John Manz, \$2500; George Schmuckenberg, \$1500; H. D. F. Heitschman, \$1200; H. H. Sykes, \$1700; A. F. Stohman, \$2500, and Mrs. Turmain, \$2500.

The East Fullerton Oil Well Company is also doing its share toward the development of this vicinity. Drilling has now reached a depth of 500 feet on their well here. The cutters are under contract to go to a depth of 4000 feet.

HUNTINGTON BEACH, April 28.—Preparations for the actual construction work on the new \$70,000 concrete pier at Huntington Beach are well under way. KING'S BODYGUARD
REVIEWED TODAY

King George and Famous Generals Central Figures in Big Military Spectacle

LONDON, April 28.—In Hyde Park today King George reviewed the nine battalions forming the Brigade of Guards, which act as the sovereign's personal bodyguard. The review, which was witnessed by vast crowds, was the largest military spectacle seen in London since the coronation. The King, who is colonel-in-chief of each regiment, rode to the parade ground in a field marshal's uniform so as not to appear to be favoring any particular regiment. The King was escorted by a sovereign's guard of Life Guards. Queen Mary with Princess Mary drove in an open carriage which was stationed at the saluting base. Each regiment was headed by its honorary colonel, the Duke of Connaught leading the three battalions of Grenadier Guards, General Lord William Seymour the three Coldstream battalions, Field Marshal Lord Methuen the two Scot Guard battalions, and Field Marshal Earl Roberts the Irish Guards.

ARRIVE IN ENGLAND

Twist-Hoyle Party Reached Liverpool on Saturday; Norman Hoyle Leaves Soon

Norman Hoyle on Saturday received a cablegram from his wife and the A. C. Twists who left for England on April 17, sailing on the S. S. Baltic. The cablegram announced the safe arrival of the party at Liverpool after a delightful voyage over the "big pond." Not one of the party was seasick during the voyage.

Mr. Hoyle, who was unable to leave with his family and the Twists, starts for England on Wednesday, May 30. He will make a voyage around the world, the initial point of the globe-circling trip being San Francisco. He will sail on the liner Mongolian of the International lines, stopping en route at Honolulu, points in Japan, Manila, China, Singapore, Arabia, Egypt, Africa, Spain, reaching England in August.

The mere mention of these places conjures up visions of cosmopolitan interest. Mr. Hoyle is anticipating a royal time on this around-the-world trip. He is anticipating an equally delightful time in England, visiting with relatives and friends in the old home. The Hoyle and the Twists will probably return to California in November. In the meantime their friends are wishing those already in Merrie England a glorious time and bon voyage for Mr. Hoyle.

THE ENVIOUS ENVIED

By Mella Russell McCallum
They come down through our alley every day.
A looking like their mothers didn't care.

Their blouses are so dirty and their legs below their trouser-knees, are brown and bare.

But they're going to the docks to dive and swim.
Where the water's deep and dangerous and dark.

And you don't have to wear a suit at all.
And there isn't any danger-ropes to mark.

'Course Madge and Bob and I go swimming, too.
My father puts us in the tonneau seat.

And we go to the bathhouse in the park.
Where the sand is soft and warm around your feet.

It's safe there, and you don't hear naughty words,
And our parents read, and watch us from the lawn.

And then we all have sandwiches and cakes,
And play around until the sun's most gone.

And then we pack our suits in rubber bags—
(We don't rent those that other people wear)—

And climb into the car, all tired and glad,
And whiz home through the pleasant twilight air.

I'm told that I am very fortunate—
And yet, when the dirty blouses come,

A-hollerin' through our alley, I just wish
That for a while I, too, could be a bum.

For they're going to the docks to dive and swim.
Where the water's deep and dangerous and dark.

And you don't have to wear a suit at all.
And there isn't any danger-ropes to mark.

EBELL ELECTS OFFICERS

Mrs. A. J. Lawton Chosen President; Mrs. Gustlin, Vice-Pres.; Miss Minter, Sec'y

The regular meeting of the Ebelle Society was held Saturday afternoon, April 26. After the regular routine of business the following officers were elected for the ensuing year: President, Mrs. A. J. Lawton; first vice-president, Mrs. Clarence Gustlin; second vice-president, Mrs. W. W. Anderson; recording secretary, Miss Lula Minter; corresponding secretary, Miss Elsie Harrison; treasurer, Mrs. E. B. Smith; curator, Mrs. E. M. Nealey; board of directors, Mrs. L. J. Carden, Mrs. W. M. Smart, Mrs. W. S. Peek, Mrs. W. L. Leiby, Mrs. W. B. Tedford, Mrs. S. M. Dearing.

Two of the retiring officers who will be greatly missed are Mrs. S. W. Nau, president, and Mrs. J. W. Blee, treasurer, both of whom declined reelection. Mrs. Blee has held the office of treasurer for the past fourteen years.

The following amendments to the constitution were adopted:

1. To add to Art. 6, Sec. 1, the following paragraph: "In case of the death or resignation of the president the office shall be declared vacant and the first vice-president immediately installed president. The vacancy in the office of first vice-president shall be filled by the executive committee."

2. To change Art. 9, Sec. 3, as follows: "New members who shall be received after February first shall pay the regular membership fee and one half the annual dues for the remainder of the current year."

An interesting report of the semi-annual meeting of the County Federation of Women's Clubs, held at Anaheim April 15th, was given by Mrs. W. L. Deimling.

REV. MR. STAFF ACCEPTS

Eastern Minister To Be Pastor of Congregational Church of Santa Ana

There was rejoicing among the Congregationalists yesterday morning when a night message from the Rev. Fred Staff of Grand Rapids, Wis., was read from the pulpit, announcing his acceptance of the call to the pastorate of the Santa Ana church, which had been unanimously extended to him two weeks before. According to the telegram Mr. Staff and his family will arrive here about the sixth of June.

Mr. Staff is a native of Sweden, having come to this country in his nineteenth year. His father was a clergyman, and the son was given the best advantages of early training and education. On arrival in America, he continued his studies, graduating from Beloit College and later from Yale Theological Seminary. His first pastorate was in a small church in Chicago. Eight and a half years ago he was called to the church at Grand Rapids, Wis.

A few years later Mr. Staff received a call to the pastorate of the Congregational church at Beloit, as the successor of Mr. Blaisdell, who had resigned to take up the presidency of Pomona College in California. The Beloit church, with its membership of over two thousand, and strategic position in a college town, offered unusual inducements as a field for service to a man of Mr. Staff's attainments, but his congregation at Grand Rapids rallied about him with such devotion and loyalty that he was prevailed upon to remain with them. Financially Mr. Staff will come to California at considerable sacrifice, the controlling consideration with him being a matter of climate.

Two years ago when Hartford Theological Seminary and Chicago Theological Seminary conceived the plan of sending some one to make a tour among the colleges of the middle west for the purpose of influencing college men to enter the ministry, Mr. Staff was selected for this important mission because of his peculiar fitness and ability to attract young men, the church at Grand Rapids being induced to grant him a six months' leave of absence for this purpose.

Mr. Staff's strong personality and likeable qualities have already endeared him to the people of his new field of service and he and his family may be assured of an enthusiastic welcome upon their arrival.

Farewell Dinner

Mr. and Mrs. E. D. Johnson and small daughter, Clover, were guests at dinner today at the home of Mrs. W. N. Carter of South Main street. Roses were used in decorations of both house and table.

This was really the farewell function for the Johnsons, who have been frequently entertained during the past ten days prior to their removal to Glendale, where they will reside. They leave this afternoon for their new home regretted by a large circle of friends.

Motored to Park

Among those who motored to Orange County Park yesterday were: Mr. and Mrs. H. C. Dawes, C. E. French and family, E. B. Burns and family, the Misses Reinhaus and Julius Reinhaus, Mr. and Mrs. Baade, Mr. and Mrs. Ransom Reid, Mr. and Mrs. J. P. Hutchins, Mr. and Mrs. A. N. Zerman, Mr. and Mrs. L. L. Shaw, Mr. and Mrs. Geo. W. Young and family, Horace Fine and family, Mrs. Olive Lopez and family, Sam Tustin, Mrs. B. E. Turner, Miss Rosa Boyd and party.

May Day Festival

All the kindergarten teachers of the city, including Misses Fannie Smart and Elsie Harrison of Roosevelt school; Misses Adeline Hill and Mame Havens, Lincoln; Misses Ruth Larsen and Faith Shaw; Jefferson, Mrs. Barnes and Miss Rena Stafford of McKinley, are engaged in training their pupils for the joint festival, which will consist of a May pole dance, folk dances, games and songs. One hundred and eighty children will participate in the festival and it is expected the spectacle will be a very attractive one.

All patrons of the schools and the public generally are invited to be present and see the little ones in the May Day festival.

Elect Trustees

At a recent meeting of the First Presbyterian Church, E. P. Stafford and Jasper Osborn were elected as trustees to succeed Lloyd Mateer and J. W. Bishop, resigned.

Gordons Reach Atchison, Kans.
Dr. and Mrs. H. S. Gordon, writing to friends here, state that they reached Atchison, Kansas, on Tuesday, April 22. The letter, dated April 23, states:
"We got here yesterday, nineteen days on the road, sixteen days running time, as we laid over three days. Had a fine trip and no trouble any time. Never had to be pulled out any time and never got stuck once. Mrs. Gordon has not had a headache since we started; eats mince pie and all sorts of trash. She never thought of eating at home."

The Atchison Daily Globe of April 23, says of the arrival of the Gordons in that city:

"Dr. Gordon, wife and son, of Santa Ana, Cal., stopped here last evening for a short visit with Frank and Mark Cloyes, having traveled the entire distance from Santa Ana to Atchison, over two thousand miles, in an automobile. They covered the distance in sixteen days' running, averaging 130 miles a day."

Orchestras Pleased at Banquet

Among those who contributed greatly to the pleasure of the guests at the annual banquet at Spurgeon Memorial church on last Friday night were the members of two orchestras, whose names accidentally were not handed in to the press in the notes of the banquet. They were as follows: In the mixed orchestra, Elwell Squires, Jules Jacques, Leonard Hamaker, Mr. Smith, Leonard Clark; in the stringed orchestra were Lacy, Harper, J. R. Smith, Mr. Stevens, Roy Elliott, Holbee. The music furnished by these orchestras was much appreciated.

Box Social

The Intermediates of the First Presbyterian church recently held a jolly box social at the church, the girls taking well-filled lunch boxes which were later auctioned off with the boys as purchasers.

Reunion of Old Friends

Mrs. Raymond M. Morrill had the pleasure of entertaining a number of old friends last Saturday afternoon at her pretty South Sycamore street home. Her guests were ladies who had formerly resided at Kiowa, Kansas, where they had been socially intimate. The reunion proved very delightful.

The honor guest of the event was Mrs. D. D. Streeter who still resides in Kiowa, but has been for some time past visiting her daughter, Mrs. Dorsey Singleton who lives at Long Beach and who was a guest at Saturday's function. Mrs. Streeter is at present visiting among her many old Kiowa friends in Santa Ana and vicinity.

Yellow and white roses were used in profusion in adorning the Morrill home. The yellow and white color scheme was carried into the table decorations and accessories and the refreshments. The name cards for places were attached to lovely yellow rosebuds with bows of white satin ribbon. Conversation, music and the delicious refreshments were the afternoon's features.

Besides the hostess, her sister, Miss Ida May, and Mrs. Streeter, the guest of honor, there were present the following: Mesdames J. S. Runyan, J. T. Hall, Ada Morrill, George Wells, W. T. Family Gathering

A pleasant gathering of relatives met at the home of Mr. and Mrs. Henry Moesser on West Highland street yesterday. The parlors were brightened with beautiful bouquets of roses and snow balls. A delicious 1 o'clock dinner was served, and the afternoon passed quickly, with music and conversation.

Those present were Mr. and Mrs. Clifford West, Mr. and Mrs. Ed Lofland, Mrs. Sallie Sweet, Mr. and Mrs. Ralph Paul, Mr. and Mrs. Edward Moesser; Misses Martha Sweet, Florence Sweet, Lila West, Stella West, Elma Lofland; baby Vivian Moesser; Masters Vernon West, Harry Sweet, Howard Paul, Norman Paul.

The main attraction of the day were the two little four and five months old grandchildren of Mr. and Mrs. Henry Moesser, little Miss Vivian Moesser and Master Norman Paul.

Philathea Social

The girls of the Philathea class of the First Baptist church enjoyed their regular monthly business meeting and social time at the home of their esteemed teacher, Mrs. Z. B. West, corner of Ross street and Washington avenue.

The usual business meeting of the class was preceded by a 6 o'clock supper, which had been provided by the hostess and teacher. This function was especially enjoyable by reason of the four delicious courses which were duly discussed and the beautiful decoration of fragrant roses which adorned the table. Twenty members of the class were present and joined in the regular exercises under the direction of Miss Lininger, the newly elected class president.

Natural Suspicion

The kindly old man stopped to watch a wet tot who was diligently searching the sidewalk for something and at the same time sobbing loudly.

"What have you lost, little girl?" he finally ventured.
"Boo, hoo!" came the reply between sniffles, "I've lost my nickel."
Touched by the child's grief, the old man extracted a 5 cent piece from his pocket, pressed it in the little tot's palm and said:

"There, there, little girl, here's your nickel. Now stop crying."
To his surprise, the child flashed him a look of bitter contempt.
"Why, you wicked old man," she said, stamping her tiny foot, "you had my nickel all the time!" St. Louis Post-Dispatch.

THE PAINS OF HELL EXPLAINED TO US

The Dangers of Ignorance and Superstition.

Pastor Russell Apologizes For Prevalent Misconceptions of the Bible's Teaching—The Worship of Hypocrisy and Fear, Great Spurs—God Seeks Worship Only From the Reverential and True-Hearted—Popular Misconceptions of Hell—The Injury They Have Done and Are Doing—True Christians Should Awake to True Bible Study.

PASTOR RUSSELL

Paterson, N. J., April 27.—Pastor Russell preached in the Opera House this afternoon. His text was: "The sorrows of death compassed me, and the pains of hell gat hold upon me."—Psalm 116:3.

The Pastor declared that his text, like many other Bible statements, is so grossly misunderstood as to prevent Christian progress. Many noble hearts, he claimed, are famishing for lack of refreshment of God's Truth. The channels of thought are blocked by fossilized errors of the Dark Ages. The ports of our hearts should be deepened and widened by the blowing up of the false and devilish hell doctrines which hinder us from receiving spiritual nourishment. There exists "a famine for hearing the Word of God."

If this text were the only one mis-translated and misunderstood, he said, the ordinary reader would doubtless pass it by as a figure of speech. But it is merely one of a combination of mis-translations, all of which are connected with an eternal torment system of doctrines invented during the Dark Ages. This power of error is turning intelligent minds away from the Bible. Hence it is our duty to break down these false doctrines, and to clear away whatever hinders the flow of Truth to God's people.

The Psalmist is merely telling of his severe illness, from which by the grace of God he recovered. He would have it understood that it was not merely a slight ailment. Hence he described it as "the sorrows of death"—that is, the sadness associated with the thought that he was about to die, about to leave his friends. In poetic Hebrew, he repeats the thought in the next statement—"the pains of hell gat hold upon me." They were the pains of approaching dissolution. There is not the slightest reference to the future.

Why Not the Whole Truth.
In their revised translation of the Bible, our Baptist friends use the expression, "the underworld." Instead of hell. Yet even here is danger that the average reader may not catch the true thought. Far simpler and wiser it would be had the translator said, "the pains of the tomb."

Every learned minister knows that the Hebrew word Sheol really means the grave, the pit, the state of death. Why do they hesitate to tell the people? Why do they translate it sometimes *the grave*, and other times *the underworld*? Why do they use the translation, *the grave*, in one place, the *pit* in another, and then *refuse* to translate it in a third place, giving instead the original word Sheol? Was it their intention to confuse the people? What is the motive? We wish that some of these great men would explain.

The Reason For All This.
We would like to have our ministerial brethren state their reasons for hiding the truth on the subject of hell. Only because they decline to do so, do we feel at liberty to make suggestions. These ministers seem to be of two classes, with slightly different reasons for silence on this subject. They seem to agree that it is dangerous to tell the people that God is really a God of love, and that the doctrine of eternal torment is unscriptural, promulgated during the Dark Ages by men who burned one another at the stake.

The Pastor declared that one class of ministers seem to fear that if people saw the errors of the creeds, they would discredit the ministers who had taught these doctrines. But why fear to tell the truth? Perhaps they fear that people will lose confidence in their teachings, and that the party walls of Christendom, which have so long divided God's people, will fall. Since they will not tell us, we can only surmise.

Other ministers, he said, have become higher critics, and do not believe the Bible. They prefer to pose as believers, and hope for the time when all the wealthy and intelligent will have become believers also. Then they will say, "We have been unbelievers for many years, but have kept it secret, fearing to be misunderstood as opponents of the best interests of society."

The latter class constitutes the greatest menace to law and order, and are Satan's best agents in destroying faith in God's Word. Ingersoll's methods of antagonizing the Bible were far less successful than are those of modern higher critics and evolutionists. Would it not be wise to inquire to what extent false doctrines are responsible for the increase of wickedness? Will monstrous, unthinkable delusions produce better results than will the simple Message of God's Love?

Investment Certificates

Backed by a Strong Company

Money at interest is the foundation of wealth. The sooner you begin to invest your savings or surplus funds where they will grow, the sooner you will achieve independence.

We have devised a plan of investment which combines convenience with absolute safety, and which insures 6 per cent interest on every dollar deposited with us.

The plan provides "Investment Certificates," which are issued in any amount desired, and upon which the interest is paid quarterly. This form of investment enables a person to place idle funds on a substantial earning basis, with the privilege of withdrawing same at any time by giving reasonable notice of such intention, without loss of interest or principal.

The sum invested and the interest are guaranteed; and to back this guarantee, the company pledges its entire resources.

The Guarantee Building and Investment Company is a corporation, doing business under the laws of California. The Company has published an interesting booklet showing the scope of its Real Estate, Building and Investment operations in Los Angeles and vicinity. "Always Air"

ALWAYS AIR is a fluid compound, a small quantity of which, when placed in the inner tube of a pneumatic tire will instantly, automatically and permanently stop all punctures from the smallest to the size of a 20 penny spike.

IT IS NOT A TIRE FILLER

It is not only inexpensive but adds 50 per cent. to the service of tires. It will not injure rubber. It is not affected in its operation by heat or cold. It will not harden, gum, dry up or deteriorate. It will not stick the inner tube to the casing. It cannot come into contact with the casing. It can be changed from one tube to another. It will last for years. It adds practically no weight to the tire (only about three pounds to the largest tire.) It fills only a small portion of the inner tube, and the pneumatic quality of the tire is retained.

After picking up a nail in the road, you will always run at least a block and generally a much longer distance on a flat tire. This shortens the life of the casing at least 50 per cent, sometimes ruins it immediately. After having tires treated with our fluid you may remove nails at once or never remove them, and in either case there is no leakage of air.

MRS. LEIERITZ IS OUT ON BAIL

Attorney Asserts that Wyllie Local Option Law Cannot Supersede County Law

APPELLATE COURT DENIED PETITION

Case is to be Heard in Sacramento on May 5—Other Court Matters

Saturday evening at 5 o'clock, after eighty-nine days in the county jail, Mrs. Kate Leieritz, formerly Mrs. Messer, went from jail under \$200 bonds given by her daughters. Should the supreme court of the state decide against her, she will have to return to jail to finish her term in jail for selling liquor at Delhi.

The papers in the case were served on Sheriff Rudbeck Saturday afternoon. The attorney, W. D. Nesbit, of Los Angeles, has applied to the supreme court for a writ of habeas corpus, and the hearing has been set at Sacramento at 2 o'clock, May 5. Nesbit's petition attacks the no-license territory provision as applied to the fifth supervisorial district under the Wyllie local option law. The petition declares that the Wyllie local option proceedings in this county were of no effect, alleging that the

county already had a county prohibition ordinance covering the same territory covered by the Wyllie proceedings.

The point raised is simply that where a county already has a no-sole ordinance, the Wyllie local option law cannot be invoked. District Attorney West feels certain that the test will result in holding that the commitment of the woman to jail was legal. The same matter was taken before the appellate court in Los Angeles on March 19, and on March 11 that court denied the petition. It now remains to be determined whether or not the supreme court holds the same opinion.

Mrs. Messer was serving the first of two sentences. The first was to six months in jail and the second seven months. She had been in jail eighty-nine days when she was released Saturday pending the decision at Sacramento.

To October 14 This morning by agreement of District Attorney West and Attorney Bishop, the trial of F. J. Catterlin was continued to Oct. 14. Catterlin is charged with defrauding Newcomb of Buena Park in a trade in which Catterlin gave bonds in a northern company for Los Angeles real estate.

Sent to Asylum Miss Helen Whitney of Santa Ana was today ordered committed to the insane asylum at Patton. A few months ago the woman left home and kept her whereabouts a secret for weeks.

SOMETHING GOOD TO EAT Have you tried Nellie Campbell's delicious potato chips? It not only has missed a genuine delicacy, these potato chips are made in Long Beach but their reputation has spread now to all over the southern part of the state. Recently they have been placed on sale with the local grocers who are supplied with them "fresh daily."

Their claims to superiority are that they are made of choice potatoes, crisped just right in pure coconut oil. Their advertisement appears in today's paper.

Near Suffragette Riot Militant suffragettes attempted to address a crowd at Hyde Park while King George was reviewing the royal bodyguards. Mobs and jeers almost caused a riot, but the women refused to quit. Many were arrested.

LAND AT SOUTHERN POLE IS ACTUALITY

So Says Gen. Greeley From Reports of Macoson's Discoveries at Earth's Bottom

ROME, April 28.—"The United States of America and Antarctica." That's what it may be in the distant future, for, according to Major General Adolphus Greeley, U. S. A., retired, recent explorations of Professor Mawson at the South Pole tend to vindicate and corroborate American Antarctic explorers who, seventy years ago, found another continent at the "bottom of the earth." Gen. Greeley himself was a famous Arctic explorer, and following Professor Mawson's recent "discoveries" he today declared he will present to the polar Congress here what he claims are irrefutable proofs that Americans led the world in discovering new land at the South Pole.

"The news sent north by Professor Mawson from his wireless station on Adelle Land, telling of the 'discovery' of new lands," said Gen. Greeley today, "will be heartily welcomed by all persons interested in the thrilling story of American polar expeditions and explorations. The disputes in debate that the explorers under Professor Mawson have proved the continuity of the continent of Antarctica through 80 degrees of longitude from Victoria Land of Ross to Adelle Land of Dr. Nevele and Termination Land of Wilkes, Mawson and his companions have thus permanently placed upon the maps of the world the disputed area of Antarctica. This continent was discovered in 1821 by an American, a sailing captain named Faber, and more fully explored by another American, Charles Wilkes, U. S. N., in 1839. Wilkes officially reported: 'We have discovered a large body of land within the Antarctic circle which I have named the Antarctic Continent.'

"This addition of a new continent to the maps of the world was discovered for seventy years, and as late as 1905 a British explorer reported that he had for once and for all definitely disposed of Wilkes land. It is indeed grateful to American explorers that British subjects have justified the accuracy and judgment of one of their 'kn across the seas.' Already made famous by his work in the visiting and creating the south magnetic pole under Shackleton, Professor Mawson has now raised himself to high rank as a leader of scientific and adventurous expeditions."

FUNERAL SERVICES FOR MR. HUGH McDONALD

The funeral of Mr. Hugh McDonald held at Mills & Winbigler's chapel on Saturday at 2 o'clock, was one of the largest ever held in that establishment, over 350 people being in the chapel. Rev. W. L. C. Samson officiated. Miss La Rue Phipps sang "Nearer My God to Thee" and "There Will Be No Tears in Paradise," accompanied by Miss Lucas. The honorary pallbearers were the Past Emment Commanders of the Knights Templar of the Masons; H. A. Wasum, A. J. Visel, W. M. Clayton, G. D. Toothacher, R. Farmer, Mr. Luxton. Masonic services were held at the cemetery.

The active pallbearers were Sam Jernigan, Conrad Crookshank, E. L. Madden, George Jeffrey, W. B. Jerome, Harry Spencer. Beautiful floral bases, pillows, etc., from Anaheim, Tustin, Fullerton and Los Angeles lodges and from friends at San Joaquin were received.

The Explanation "Booth Tarkington, now that he has returned to novel writing, is more celebrated and more beloved than ever. At the same time—

The speaker, a magazine editor, chuckled and resumed: "Imagine my horror when at a tea I heard a young matron, a very pretty and elegant young matron, say: 'Tarkington behaved to abominably at my luncheon! After the oysters he suddenly took a dislike to the butter and the two serving maids. He actually flew at them. He wouldn't let them come near the table. If they ventured to try he growled dreadfully.' "But there was a platter of cold quail on the sideboard that happened to catch Tarkington's eye. He seized two of the birds and stalked sullenly off with them to the drawing room, where he ate them, seated on the floor. He left the bones scattered all over our best hashish rug. Did you ever hear of anything so awful?" Here the magazine editor laughed again. "It took me a minute or two to grasp the fact," he explained, "that this charming lady had named her dog Tarkington in honor of our prose master."

IN THE JUSTICE COURT

BATTESTEA'S TRIAL SET FOR TOMORROW

This morning A. Batteste, storekeeper at Delhi, pleaded not guilty to a charge of disturbing the peace, and his trial was set for 8 o'clock tomorrow morning. Batteste bitterly denied that he had been mistreating his wife and children, and declared that he had no intention of threatening when he showed a revolver on the arrival of officers at the place Friday night. While the officers took bills from him showing that he has been receiving shipments of brandy and wine in ten-gallon lots, it is not thought that there is any case against Batteste on a charge of selling liquor.

Every Sunday Affair John Lawrence, a Newhope rancher, swore to a complaint charging A. Lopez, G. Gregoria, P. Aguilera and P. Savala with disturbing the peace Lawrence said that for several Sunday days now Mexicans have been drinking on the road and creating disturbances in the neighborhood. Yesterday several of them stood in front of his house and drank. Lopez, Gregoria and Aguilera pleaded guilty and will be sentenced at 4 o'clock this afternoon. Savala pleaded not guilty and his trial was set for May 22. The four Mexicans were brought in by Sheriff Rudbeck and Deputy Boynton.
